5. [] LIAISON After several unsuccessful attempts to talk with Ms. Sue Huck, in the office of Representative Larry McDonald (D., Ga.), Ms. Huck called me from her home and we discussed the specifics of her outstanding request for information [] I explained the amount of material involved to be searched on a page-by-page basis and that it would take some time to retrieve all the material, some of it stored away. Ms. Huck was not impressed and offered to do the job of searching through the files herself as she felt it would only take a day to do so and she would find what she needed to complete her report to the Congressman. I offered that this was not necessary and, after eliciting just what type of information she was looking for, it was left that she would be back in the office in two weeks if I had any other questions. NFAC/CSS and DDO/IMS have been asked to supply whatever information they might have [] based on my discussion with Ms. Huck.
